FROM THE PRESIDENT

At our Annual Meeting in Winnipeg Don Robb presented his committee's recommended guidelines for issuing wooden tokens. C.A.W.M.C. has accepted these guidelines and we strongly urge your adherence to them. It is felt that they are essential to prevent the deterioration of a fun hobby by individual abuses.

To those members who question that this sort of deterioration is likely to occur, I reply that at our 1981 Annual Meeting, Norm Wells cited enough examples in his address to the Meeting to show that it had already begun and was gathering strength. It was for this reason that the committee was formed in the first place.

The committee, consisting of (Chairman), Norm Belsten and John Curtis, has done a fine job in preparing a set of guidelines which is quite reasonable and yet, if adhered to by all members, should go far towards curbing the abuse of our hobby. A motion was passed unanimously by the members present at our Annual Meeting to accept these guidelines as presented. On behalf of the Association And in the interest of the hobby's well-being, I urge all members to take these guidelines in the spirit in which they are presented and abide by them

From the Editor

THE WOODSTOCK WOODS

One of the most interesting series of wooden tokens is that issued by John M. Kitchen of Jack's Stamp Farm, Route 6, Woodstock, Ontario. They were first issued in 1957 and 1958, and are well described in Norman Wells' book on "Canadian Wooden Tokens" published in 1979. However, there is something about this series of woods that leads one to do more research, particularly with respect to the two different types of reverses. It would therefore be appreciated if members of CAWMC who have any of the Woodstock woods in their collection, would mark with an X in the appropriate space in the following form and mail it to John K. Curtis, P.O. Box 263, WILLOWDALE, Ontario, M2N 5S9. Results will be tabulated and published in a later issue of Timber Talk.

TO ALL MEMBERS:

RE: 1983 and subsequent C.A.W.M.C.,
new and renewal memberships.

From the minutes of the July 18, 1982 C.A.W.M.C., Annual Meeting in Winnipeg:

"On a motion by Garry Braunworth, seconded by Scoop Lewry, and approved by a unanimous vote, it was decided that the President of C.A.W.M.C., would appoint a Membership Coordinator. The job of the Secretary-Treasurer is combined and is creating a heavy workload for the Secretary-Treasurer. Also, our membership is declining and it would be advantageous for one person whose sole responsibility is recruiting and recording members and then forwarding the dues to the Secretary-Treasurer, names to the Editor, and membership cards to the members. This person would also be responsible for attempting to retain current members.

Don Robb agreed to accept the appointment as Membership Coordinator effective July 18, 1982."

. And it's that time of year, so
